Pune City, Maharashtra, India - 411014

PROFESSIONAL SUMMARY

B.Tech IT student with a foundational understanding of Python, backend development, and Data Structures & Algorithms. Hands-on experience in building projects involving APIs and data-driven systems, along with exposure to machine learning and AI concepts. Actively upskilling in modern development practices while focusing on clean and structured code.

KEY EXPERTISE

HTML5 CSS Javascript Python MySQL AWS NumPy Node.js Analytical Skills Powerpoint
Microsoft Excel SDLC Agile Documentation C++ Java Pandas REST APIs Postman

EDUCATION

MIT School of Computing B.Tech. - Information Technology CGPA: 6.45 / 10	2022 - 2026
Shri Haribhau Balavantrao Girme High School 12 th HSC Percentage: 75 / 100	2022
Podar International School 10 th CBSE Percentage: 71.80 / 100	2020

PROJECTS

Construction Progress monitoring

Mentor: Prof. Rohini Bhosale | **Team Size:** 4

Key Skills: Python Matplotlib tensorflow NumPy

1. Built an machine learning-based system to analyze construction site images for progress tracking.
2. Applied data preprocessing and feature extraction techniques.
3. Evaluated model outputs using basic performance metrics.
4. Focused on writing modular, readable Python code.

Stock market Learning through Gamification

Mentor: Prof. Rohini Bhosale | **Team Size:** 4

Key Skills: Python HTML5 Javascript NumPy

1. Developed a gamified learning platform for beginners to understand stock market fundamentals.
2. Implemented price prediction logic using historical data analysis.
3. Followed Agile methodology for task division, sprint planning, and testing phases.

Turf slot booking

Key Skills: Node.js MongoDB Postman

1. Developed a scalable backend system for turf booking using Node.js and MongoDB with REST APIs.
2. Implemented authentication, role-based access, and optimized booking logic to prevent conflicts.

ModaMuse - Virtual Wardrobe

Key Skills: Python Embedding Image Processing

1. Implemented similarity search using vector embeddings.
2. Built recommendation ranking models for personalized outfit suggestions.

EXTRA CURRICULAR ACTIVITIES

- o Member of IIC club; managed digital content, photography & event coordination. Participated in sports (football), improving teamwork & leadership skills.

PERSONAL INTERESTS / HOBBIES

- o Passionate about photography and videography; manage media content for college events (IIC club). Enjoy football, social media management, exploring new tech, and leading teams with a collaborative mindset.
